

MUHAMMAD UMER FAROOQ |

- **Contact:** [+92-322-9589196](tel:+92-322-9589196) **Email:** muhammadumerfarooq051@gmail.com
- **LinkedIn:** <https://www.linkedin.com/in/muhammad-umer-farooq-2b036a388>

EDUCATION & PROFESSIONAL QUALIFICATIONS

- **Education:** BS Computer Science, Riphah International University Lahore 2023-2027
- **Relevant Coursework:** Data Structures & Algorithms, Object Oriented Programming, Operating Systems, Computer Organization & Assembly Language, Web Programming, Game Programming, Application Development, Networking Fundamentals, Human Computer Interaction

EXECUTIVE CAREER HISTORY

- **Student / Academic Projects Developer** | 2023 – Present

Worked on multiple academic software development projects using C++, Java, Assembly Language, Python, c#, Linux, and Web Technologies as part of university coursework.

PROFESSIONAL TRAININGS

Programming & Software Development

Developed strong programming skills through academic coursework and projects.

- Proficient in C++ and Java programming
- Experienced in Object-Oriented Programming (OOP) concepts
- Implemented Data Structures such as Linked Lists, Stacks, and Trees
- Worked with file handling and dynamic data structures
- Familiar with Git and GitHub for version control
- Working on Linux Commands

Web Development

Basic knowledge of modern web development technologies.

- Skilled in **HTML, CSS, JavaScript**
- Knowledge of **React.js**
- Ability to create **responsive and user-friendly web interfaces**
- Familiar with frontend development tools and debugging techniques

Networking & System Fundamentals

- Basic understanding of **computer networking concepts**
- Familiar with **network protocols and OSI model**
- Basic knowledge of **Linux commands and operating system concepts**
- Interest in **Cybersecurity and Network Security**

ACADEMIC PROJECT EXPERIENCE

Experience:

Gym Management System (Web Project)

Technologies Used: HTML, CSS, JavaScript, React.js

- *Developed a web-based system to manage gym memberships and user records*
- *Implemented responsive UI design*
- *Focused on improving user interaction and system usability*

Student Record Management System (C++)

- *Implemented **Singly Linked List** to store student data*
- *Added **input validation and duplicate ID detection***
- *Implemented **stack for deleted record recovery***

Vehicle Rental System (Java)

- *Designed system using **Object Oriented Programming***
- *Implemented multiple classes including Vehicle, Car, Bike, Customer, Payment, Review, and Rental Agreement*

Skills

C++, Java, Assembly Language, HTML, CSS, JavaScript, React.js , Git, GitHub, Data Structures, OOP, .. File Handling, Linux Basics, Networking Fundamentals,python(continue),c#(continue),.....
